ANNUAL REPORT OF SCHOOL

Welcome to the Annual Report of I.T Next Gen School 2019-20, a Platform to communicate directly with the Parents, Students, Staff members and Well-wishers. In this Annual Report, the main emphasis is on the Activities, Academic Results, Sports Day, Freshers Party, Annual functions, PTA Meets, Celebrations done in School and achievements during the academic year 2019-20

Academic Results: With great Pride and honor, The School presents the Board Examination Result of 2019-20, class 10. In the batch of 32 students, 20 percent Students obtained more than 90%. Thanks to the hard work of our dedicated staff and importantly continuous efforts & vibrant cooperation of our students along with their Parents.

Freshers Party: Our pupils from class NUR-1st walked into the school with new energy and enthusiasm to commence the new academic year filled with new dreams and surprises, on 1st February 2019 and were warmly welcomed through a Freshers Party. Certain Cultural performances were given by the students to welcome the new arrivals in School.

Education for Growth of Inner spirit: Daily morning Prayer and assembly is one of several important and good practices we have at ITNG School. Each Class Prepares well for it with a specific prayer, motivational thoughts, News, Pledge and special performances. Value Education and Moral Science is taught through Teachers speeches on everyday basis. Counselling facility is given to Students when in need. In this era of doubt & communal Harmony, we help our students to live in love and respecting one another's faith & beliefs by celebrating major festivals like Diwali, Christmas etc.

Academic Excellence and Intellectual Development: True Education means training in excellence, which makes a person passionately desire to be a perfect citizen. We believe that learning takes place all the time and everywhere. The guided library period every week awakens in them a taste to value books and creates a desire to read good books, and not just depend on the internet for their assignments. Every exposure/interaction is an opportunity to learn, only if we are interested in

improving and exploring. Realizing this, we provide ample opportunities to our students for outdoor learning. Students are regularly taken to ground and out of the classroom areas to inculcate practical thinking skills among them.

Competitions and activities organized offer opportunities for students to learn the values of teamwork, individual and group responsibility and a sense of culture and community. Extracurricular activities provided a channel for reinforcing the lessons learned in the classroom in a real-world context, and are thus considered an integral part of a well-rounded education. Realizing this, opportunities were provided to students to take part in a number of activities and competitions-both intra and inter school.

We also provide a vast range of additional programs to support the students' academic, social, cultural and physical development. These include Karate, Dance, Music, Table tennis and Chess which are conducted by expert coaches.

Towards Sports and Games Championship: Sports and Games are a great way for students to develop skills, achieve goals, learn cooperation, and stay physically fit. Hence, we have allotted regular periods for games activities, mass P.T. exercises and Yoga classes. Besides special coaching in basket ball, football, volley ball, table tennis and chess is provided. Annual Sports Meet was held in the month of October- November 2019.

We are proud that our School participated in District level Competition 2019-20 held at Lavini ground. Our talented and highly strength boys and girls aged under fourteen years in age participated in Volley Ball, Athletic events like races, Jumping events and throwing events. The girls managed to capture 1st position in Volley Ball and Boys team took to third position. Aryan Kumar (Class 8) was selected for state level in Throwing events (Shotput)

while Rashmeet (class 8) was selected in 200m race for State Level. The Girls team of School was chosen as One of the Best Championship Team in the whole District. The School was presented with a District Trophy. All thanks to our Physical Teachers and Instructors.

ACADEMIC ACHIEVMENTS OF ITNG SCHOOL

***Learning is not the product of teaching;
It is the product of activity of learners;
I wasn't born to just TEACH;
I was born to inspire others;
To change PEOPLE and to never GIVEUP;
Even when faced with CHALLENGES;
That seem IMPOSSIBLE;***

This is the oath that always reminds us of our role as teachers, facilitators, trainers, counselors, and educators....

We, very clearly, define our roles and responsibilities to meet the 21st century needs..

The Journey as we move forward...

With the completion of 10 years of our journey together, we have travelled on the rough roads, met challenging incidents, and crossed various targets...

We have reached this point in time to announce the success stories we gathered.. the various learning experiences which taught us to become more effective and efficient... lot of lovely memories in this journey of learning with our beloved students and friendly colleagues... that tickle our hearts which make us feel immensely happy and proud...

The philosophy

A lot of brainstorming opened ways in designing the school to develop it as a supporting system to achieve our goals – be it the unique and aesthetic architecture, beautiful landscaping, International methodologies with CBSE curriculum, Quality teaching and learning programmes, ergonomically designed digital classrooms & furniture.... and the overall vision, mission and philosophy. This required foresightedness and thus the journey began with the school deliberately taking the path which was “less trodden” with the aim to bring in innovations to make the school life enjoyable, satisfying and complete learning experience for the students.

We have made great efforts to lay foundation to introduce and impart quality education in the School. We have been extremely successful in most of our endeavors.

Holistic development is our voice...

The execution of any event, celebration, performance improvement, interesting learning experiences, sharing & caring, health & fitness awareness programmes, games & sports, and systematic academic approaches is all just possible only with the presence, involvement and commitment of the key partners of the School..... the teachers and a very equal participation of all of you dear parents.. in the learning at home...

Centers of learning

The classrooms are transformed to become learning hubs, to be lesser on teacher-led venues... more on activity-based learning and much more as student-led teaching, learning methods....

The Science and Math Labs are set for an effective use, as and when the curriculum demands... and being put into use for grades III to VIII...

The computer lab has been utilized for multiple purposes... like.. Computer Science lab and English language Lab...

Library has been more equipped with interesting and relevant books for the students...

Music and Dance rooms positively vibrant with lovely music and elegant dance performances... every event or celebration at School had beautiful presentations from the students...

Multipurpose hall has been a great resource to conduct meetings, orientations, teacher training sessions, workshops, events & celebrations....

The sports program helps us in identifying talent in particular sports and give more exposure to the students to develop a child, physically, morally, socially, mentally and to some skills in co-scholastic areas.

Cricket matches... Basketball tournaments were organized and conducted.. Skating classes are going on regularly...We have conducted fun games, quiz and different sports competitions for different events in the school
